“Time for relaxing
and a chance to talk”

“Many thanks for caring for me during my stay. You have a wonderfully peaceful patch. I really suited for spiritual healing. My prayers are for your studies and training to be successful and give you the counselling skills to accompany the natural, God-given assets presented by the farm.”

Jim

“The surrounds were stunning, with awesome views of the nearby mountains and several walks into the bush. We even spotted a small group of deer that gracefully melted into the shadows as we walked past.... My children and I experienced the very warm and friendly hospitality of the Petterson's the entire weekend and we came away feeling refreshed and inspired.”

Gillian

“Thank you so much Jenny and Larry for your love and hospitality. Once again I draw a line in the sand and learn my lesson and pick myself up again and face the Lord with both eyes open and walk by faith, not by sight!”

Tessa

“This is time out, this is a chance to reconnect with loved ones. It won't make all your problems disappear but it will give you a chance to look at them in a different light. We would love to have you come and stay and yes it really is a **free** opportunity. So give us a call and we will book you in, see you soon.....
